

The PDK-3 demonstration kit consists of the RWL-1 lock installed in the door model. The door model comprises a door leaf and a door frame, both made of the MDF board finished with the natural wooden veneer. The PDK-3 allows presentation of the RWL-1 lock in con-

ditions which imitate its operation on the real door. The PDK-3 kit is dedicated to installers and designers who are going to evaluate RWL-1 lock or present it to the potential customers. The entire set is delivered in a metal case.

**Features:**

- door model with RWL-1 lock
- door frame with strike plate
- door leaf with hinges
- MDF finished with natural wooden veneer
- metal case
