HRT82MF operates as a hall reader and besides providing access control it is equipped with a touch button for door bell and LED indicators to signal hotel staff presence in the room and such hotel services as assistance, make up room, do not disturb. Each state is signalled with an individual LED indicator which can be activated using a touch button panel (HRT82FK), push button panel (HRT82PB) or button connected to the controller input line.

Features:

- 12 VDC power supply
- 13.56 MHz MIFARE cards
- four LED indicators
- door bell button
- RACS CLK/DTA interface
- buzzer with loudness control
- configuration from PC (RogerVDM software)
- screw terminals
- IP30
- CE mark
