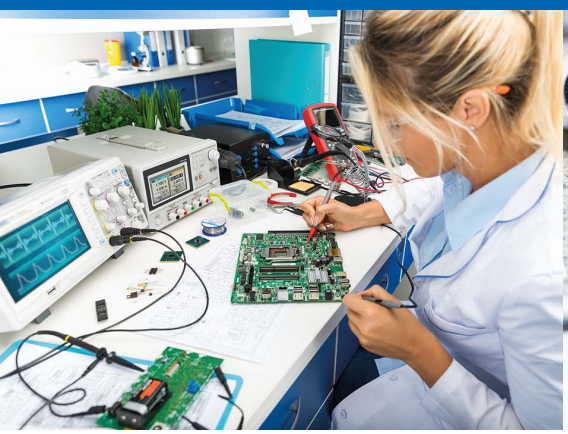
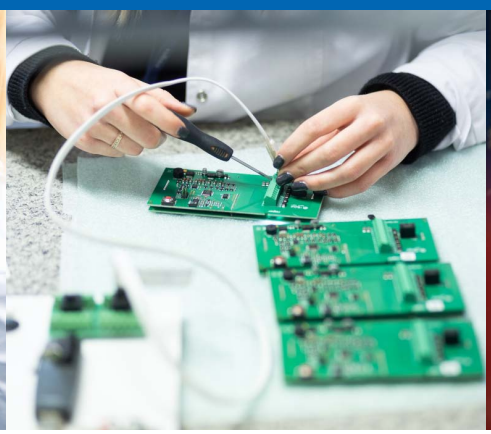
Access Control Systems Manufacturer

roger
Intelligence for Building

WHY ROGER

- More than **30** years of experience in designing and manufacturing electronic security systems
- More than **20** years of expertise in developing access control systems
- A leading access control systems supplier in Poland
- Distribution network covering approximately **40** countries on **3** continents
- Design and production within one organization located in Poland
- More than **100** committed specialists
- More than **0.5 million** passages equipped with Roger access control
- More than **5 million** users of Roger access control systems
- Flexible approach to projects with tailoring solutions to individual requirements
- Technical support at the stage of designing, launching, and using the system
- High reliability and functionality of products confirmed in hundreds of thousands of successfully implemented installations
- Competitive quality to price ratio
- Solutions designed for different market segments





MISSION

Designing and manufacturing access control systems

For the end users of our products
Our products are dedicated to improving the operation of modern buildings.

For designers, installers, and contractors
We support our partners in the design, installation, and implementation of our solutions.

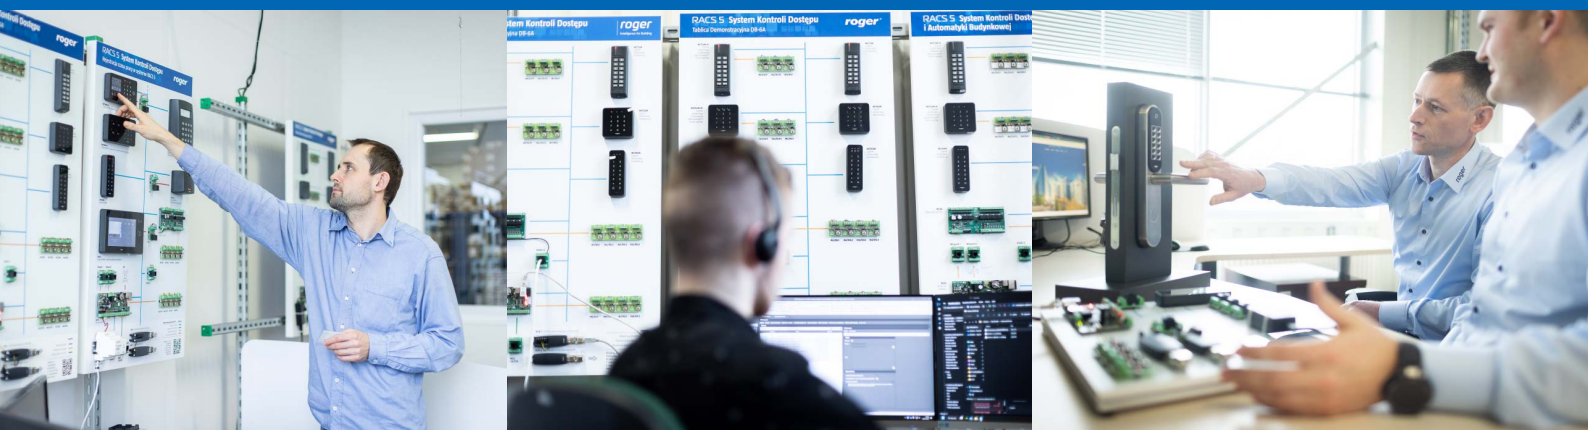
For distributors
We provide transparent and beneficial terms of cooperation.

For the community
By creating original solutions, we develop Polish technical thought. We create favourable conditions for our employees and business partners' professional, personal, and social development.

VISION

With passion and commitment, we continuously develop our portfolio, striving to:

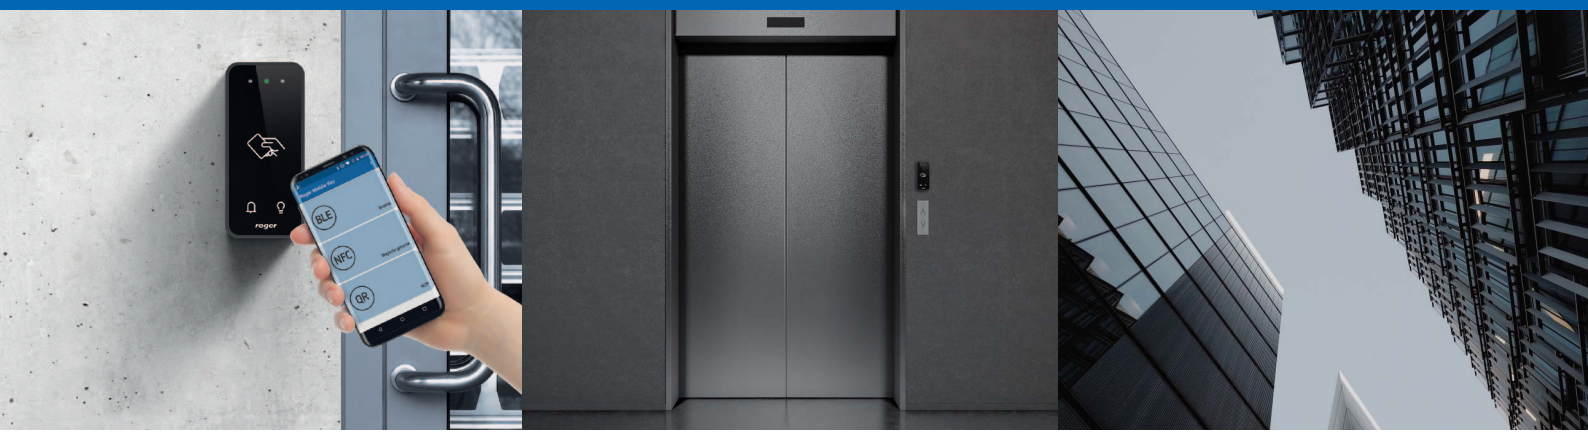
- Strengthening the position as the leading supplier of access control systems in Poland.
- Becoming a reputable supplier of access control systems in Europe.
- Compete successfully with well-known suppliers of access control systems, especially suppliers of *Enterprise* solutions.
- Become a recognized supplier of comprehensive access control and security solutions.



OUR VALUES

In our daily work, we are guided by the following values on our way to achieving our goals:

- Innovation and Creativity: we are looking for new solutions and we are not afraid to promote our own original ideas.
- Transparency: we work with partners according to recognized standards and business ethics.
- Responsibility: we support our partners at every stage of cooperation, and our products meet technical and legal requirements.
- Long-term horizon: we focus on building and maintaining our image as a reliable supplier.
- Teamwork: we believe that the success of our projects requires the full commitment of every employee of the company and our business partners.
- Development: we improve our products and enhance our skills, creatively seeking innovative solutions.



SOLUTIONS

- Standard Access Control
- Advanced Access Control
- Standalone Access Control
- Locker Access Control
- Keys and Assets Management
- Hotel Automation
- Time and Attendance

PRODUCT RANGE

- RACS 5: Enterprise-class access control, security, and building automation platform
- RACS 4: Access control system for small and medium-sized installations
- RVOS: The standard access control system for medium and large installations
- SBAC: Standalone access control solution for small business
- RCP Master: Time and attendance system
- RKDS: Key management and tracking system
- VISO SMS: Safety management system
- Wireless access control

INDUSTRIES & REFERENCES

Commercial
- Warsaw Spire skyscraper
- Carbon Tower office building
- 3T Office Park office buildings complex
- Equal Business Park office buildings complex
- Diamentum Office building

Industrial
- Coca-Cola HBC Poland: production plant
- WSE: largest water supply company in Poland
- Drutex: leading window manufacturer in Europe
- Gaspol: leading supplier of liquid gas in Poland
- CAV Aerospace: manufacturer of aerospace components
- ZPAS: manufacturer of data communication enclosures

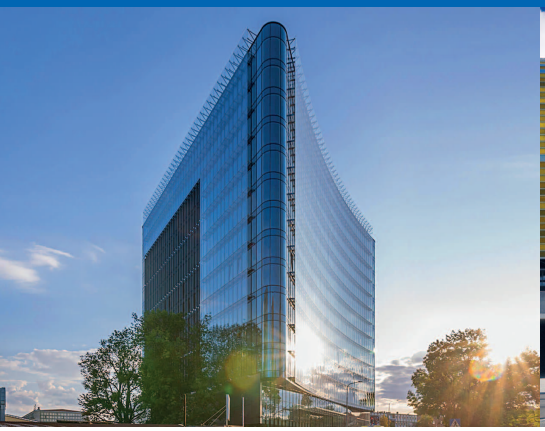
Healthcare
- Children's Memorial Health Institute Complex
- Multidisciplinary Provincial Hospital in Gorzów Wlkp.
- Oncology Center of the Lublin Region named after St. John of Dukla

Small & Medium Business
- Toyota/Lexus Romanowski car dealership
- Radio Wroclaw
- Besta Film Studio

Public Sector
- Institute of National Remembrance
- Pomeranian Tax Office
- Appellate Prosecutor's Office

Education
- University of the Algarve in Faro
- University of IT and Management in Warsaw
- University of Agriculture in Cracow

Leisure and Hotels
- Arena Gdańsk stadium
- Marine hotel
- Aleksandra resort
- AQUARIUS ***** hotel, spa & wellness



CASE STUDY

Carbon Tower office building

- Investor: Cavatina Holding S.A.
- Contractor: Jerzy Skraba TecHome
- Manufacturer: Roger Sp. z o.o. sp. k.
- Integrations:
  - Integral by Cavatina
  - Zonifero
- Users: 2 500
- Doors: 200
- Identification:
  - proximity: MIFARE®
  - mobile: Bluetooth, NFC, QR
- Barriers

WE SUPPORT

- **The Children's Memorial Health Institute** – we donated an access control system for securing the fourth floor of the General Surgery Department.
- **The Scouting Association of The Republic of Poland (ZHR)** – we donated access control devices, which were used in the facilities prepared for accommodating refugees from Ukraine.
- **Polish Ukrainian Foundation for the Development of Medicine** – we financially supported a fundraiser for a hospital in Lviv.
